

Year 6 Curriculum Letter Autumn Term

Please find below an overview of the term, along with some ideas to help you support your child's learning at home. Please contact your child's class teacher if you would like any further information.

Subject	Curriculum	How you can support learning at home
Religious Education	Branch 1: Creation and Covenant (particularly Genesis 2-3) Branch 2: Prophecy & Promise	Encourage your child to protect the wonder of creation-through our RE learning we will understand how we need to be stewards of creation looking after our common home. Attend Mass with your child. Use common prayers at home to encourage your child's prayer life.
Reading	Autumn 1: Boy at the back of the class by Onjali Q-Rauf Autumn 2: Alex Rider: Stormbreaker by Anthony Horowitz	Please listen to your child read their reading book daily – don't just assume they are reading it themselves. Ask them questions about what they have read, get them to show you the evidence in the text to support their answer. Challenge them to summarise a paragraph or section of their book. 
Writing	Using our Reading books as a stimulus, we will be writing a variety of pieces to entertain, inform and persuade. Including diary entries, narratives, newspaper articles and advertisements.	Discuss key vocabulary for SPaG with your child; in particular; determiner, active and passive voice, clauses, parenthesis, modal verbs etc. Learn and practice the weekly spellings. Encourage children to write at home. You could give them their own home writing book for them to use. Additionally, give them a stimulus to challenge them; eg. Can they write a creative story about ****? Or if you have been on a day trip, can they write their own recount or diary entry. This will improve their stamina for writing and they can practice including their SPaG.
Maths	Unit 1: Place value Unit 2: 4 Operations: Addition, subtraction, multiplication and division Unit 3: Fractions Unit 4: Converting Units	Discuss key vocabulary for the topic with your child; in particular; factors, multiples, squared and cube numbers. Arithmetic practice at home (column addition, column subtraction, long multiplication, short division, division by factors and long division) Use Times Table Rockstars at home to improve TT fluency – this will help children with their recall speed and reduce wasted time when completing their SATs in May. Home Learning videos to support our topics are available here - Maths home learning Home learning White Rose Education (these will be particularly useful for topics like long division) Overviews of the unit for each half term are on the school website.
Science	Autumn 1: Living Things: Classification Autumn 2: Energy: Circuits, batteries and switches	Discuss key vocabulary for the topic with your child; in particular; classify, microorganism, deciduous, coniferous, evergreen, circuits, cells, voltage Discuss what your child notices about the world around them when walking in public (eg. animals, trees, plants) Look at our Knowledge Organisers on the website to explore vocabulary for our topics this term. 

		Key Vocabulary organism A living thing. A micro-organism is a living thing which is too small to see with the naked eye. classify To group something based on similarities. vertebrate An animal with a backbone. invertebrate An invertebrate is an animal without a backbone. cold-blooded Animals that rely on external sources, like the Sun, to control their body temperature. warm-blooded Animals that can control their body temperature internally. exoskeleton A skeleton on the outside of the body. Carl Linnaeus classify organism vertebrate invertebrate cold-blooded warm-blooded exoskeleton Classification key Classification keys can be used to sort and classify living things. They can use questions or statements. Branching keys Each branch of the key has a question. The answers will eventually lead to a final group or name. Working Scientifically To use a classification key to classify frog species. To use a classification key to classify vertebrates. To use a classification key to classify vertebrates. To produce a working classification key. To use a classification key to classify bacteria.
History	Autumn 1: What can the Census tell us about local areas?	Talk to your child about what they have learnt about the census. Use of historical vocabulary when discussing the topic. Further reading about the Suffragist movement (only touched on in one lesson) Visit the National Archives in Kew for free (Information for family visitors - The National Archives) Year 6 History: What can the census tell us about our local area? Prior Learning: What was life like in Tudor England? (Year 5) Lesson 1: What is the census? LO: To explore the purpose and creation of a census. Lesson 2: What can we learn about Victorian children for the census? LO: To create questions about Victorian children using a range of sources. Lesson 3: What does the census tell us about jobs in the 1800s? LO: To explore the jobs available in the past using the census. Lesson 4: Why did some women refuse to fill out the 1911 census? LO: To make inferences about women's lives in the 1900s using the census. Lesson 5: What changed in the 1921 census? LO: To investigate how the census changed by following the life of Evelyn Dove. Lesson 6: Who lived in our local area in the past? LO: To conduct an enquiry about my local area using the census. St Francis Catholic Primary School The history of the census timeline 1800 1820 1840 1860 1880 1900 1920 1940 1960 1980 2000 2020 Key Vocabulary severance pay To pay someone money or give them something to replace money or things they have lost. compensation Money that someone who has experienced loss or suffering claims from the person or organisation responsible. income The money that a person earns or receives. workhouse A place where very poor people could live and do unpleasant jobs in return for food. suffragette A woman who campaigned for their right to vote. census An official survey of the population which is carried out every ten years. governess A person employed to teach a child in their own home. scholar A term used on the census to mean someone attending school or a child. enumerator A person employed to collect census forms and enter the data into an enumeration book. What sources can provide information about the local area? The census is a survey collecting information from every household in the country. It can be used to focus on specific people and places or to identify changes in a particular household over a period of time. It contains information such as the names of people living in a household, their ages, occupations, places of birth, their relationship to the head of household and the number of rooms in a dwelling. Birth, marriage and death records not only identify and confirm births, marriages and deaths but also give extra information such as who witnessed marriages and people's occupations.
Geography	Autumn 2: Why does population change?	Discuss population change with your child using geographical language (eg. dense, sparse, migration, region, population) Discuss what your child notices about the world around them when walking in public (eg. Traffic, local amenities, pollution) Practice looking at maps (in particular OS maps) Geography Year 6: Why does population change? Prior learning: Would you like to live in the desert? Lesson 1: How is the global population changing? LO: To understand the change and distribution of the global population. Lesson 2: What are birth and death rates? LO: To define birth and death rates and why they change. Lesson 3: Why do people migrate? LO: To recognise push and pull factors influencing migration. Lesson 4: How is climate impacting the population? LO: To begin to understand the impact climate change can have on the global population. Lesson 5: How is population impacting our environment? LO: To collect data showing how population impacts the amount of traffic and litter in an area. Lesson 6: How is population impacting our environment? LO: To write a report on the fieldwork process, analyse findings and make suggestions to improve a situation. St Francis Catholic Primary School Global population distribution South America 5.5% Europe 9% Oceania 0.5% North America 8% Asia 55.4% Africa 17.5% Antarctica 0% Reasons for population growth Increase in birth rate Decrease in death rate Increase in immigration Consistent access to food A stable job and income Clean, spacious housing Reasons for population decline Decrease in birth rate Increase in death rate Decrease in immigration Little or no access to clean water Lack of access to hospitals and medicine War and conflict Natural disasters Drought of water Key Vocabulary population The number of people living in a particular area. densely populated An area that contains many people relative to its size. sparsely populated An area that has few people relative to its size. push factors Negative factors push people away from a place. pull factors Positive factors that pull people towards a place. migration The act of people moving from one place to another. refugee People forced to leave their country to find safety because of conflict, violence or war.
Art	Autumn 1: Drawing: Expressing ideas	Go through the knowledge organiser and key vocabulary with your child. Provide opportunities to experiment with art.
